QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth" now and then—a bad breath—a dull, tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime.

Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. All druggists.

away a hard bony substance which was found closing them, and inserted a cushion of fat taken from another part of the man's body. Similar operations on other joints have been performed successfully, but according to eminent surgeons in attendance it was the first case in which the jaw bone was involved.

Many other notable feats of surgery including cases in which the bloodless method made famous by Dr. Lorenz of Vienna, who operated here 13 years ago, were performed at the numerous clinics.

James Gaffney, the patient who underwent the operation for lock-jaw earlier in the day, died late tonight. The operation, which had been attempted as a last resort, proved to be too much of a strain on his lowered vitality. The visiting surgeons, who had witnessed what they declared to be a successful operation, were deeply disappointed at its fatal termination.
